Standard Terms & Conditions

1. New Installation and Remedial Works:

(a) All electrical installation work will comply with BS7671:2018 and any amendments in force at the time of the works completion.

(b) All electrical installation work will comply with applicable British Building Regulations in force at the time of the works completion.

(c) Where work is to extend or modify existing circuits, costs estimates assume that the existing installation is in adequate condition and complies with minimum current regulations. Any additional works needed to bring the existing installation up to current specification will be charged additionally.

(d) Unless stated otherwise, all cables will be concealed by chasing into the building fabric or concealed in building voids, under floors, etc. Where impracticable, cabling will be neatly surface run, either clipping direct or housed in trunking and/or conduit as appropriate and as required under current building regulations.

(e) Where carpet or flooring coverings may require lifting to allow concealed installation work, no charge is made for this service, with best endeavours being made to avoid damaging them and to refit them to an acceptable standard. However, consideration of employing a specialist fitter may be prudent, at the client's cost to effect a fully satisfactory reinstatement.

(f) Where agreed beforehand, chases to walls, etc. will be re-filled to below plaster finish depth, however final finishing of skim coat plaster and final decoration is excluded and is excluded from the scope of works.

(g) All endeavours will be made to undertake installation work to a clean standard, using protective dustsheets and cleaning equipment as necessary.

2. Exclusions:

(a) Clearing and/or moving of furniture and other items blocking access to work areas are not included. Please be prepared and ready for the commencement of works. Any substantial clearing or moving of furniture or items will incur an additional charge

(b) Except where detailed, builders work (creating of holes larger than 50mm diameter, any brickwork, creating of support structures, etc.) are not included, except as outlined in 1d, e and f above.

(d) Re-decoration and final making good is excluded from quoted costs, unless specifically detailed as included.

(e) Removal from site and disposal of any quantities of rubble, fittings, wiring, materials, general waste and packaging is not included.

3. Extras and Variations:

(a) All extras and variations will be charged additional and must be agreed in writing prior to commencement.

4. Pricing:

(a) The labour costs estimated assume continuous and unhindered access to the site implied or with prior arrangement.

(b) All parts and goods estimated are correct at time of estimate and subject to change.

(b) Unless stated otherwise, the costs quoted assume standard working hours between the hours of 08:00 hrs - 17:00 hrs Monday to Friday inclusive excluding British national and bank holidays Work required outside these hours may attract additional premium rates and must be pre-arranged before work commences.

(c) Any additional work not covered in the estimated costs will attract an additional time charge of £35 per hour or £200 per day plus materials cost where applicable.

9. Complaints:

(a) Brighton Electrical wants you to be happy but if your not please address all complaints in writing to the address on your invoice.

10. Paperwork:

a) Brighton Electrical will supply all necessary invoices, certificates and paperwork relating to repair or installation works carried out.

11. Cancellation

a) Once work is agreed upon but prior to the commencement of work cancellation will only be accepted up to 48 hours before the start date. After this time a charge may be levied to cover any costs incurred by Brighton Electrical.

12. Personal:

Building and Electrical work can be very disruptive to your home. It may be necessary to de-energise the power in your property for many hours whilst works are carried out so please bear this in mind. Let me know if you have a special electrical requirement for any electrical items to be permanently on so I can make prior arrangements. Please be prepared and have access to the appropriate areas ready for me, like your fuse board (consumer unit). At the end of the day I want you to be safe, happy and satisfied with the work I do as I work mainly on recommendations and referrals.

Many thanks.
